RE: Notice of Corporate Reorganization and Transfer of _____ [insert name of contract]
between _____ [insert name of vendor] ("You") and OnFiber Communications, Inc.
[include reference to prior entities, if appropriate] ("OnFiber") dated effective as of _____
[insert date of contract] (the "Agreement")

Dear OnFiber Customer:

As you may know, in 2006 Qwest Communications Corporation ("QCC") acquired all of the outstanding stock of OnFiber. QCC is a wholly-owned subsidiary of Qwest Communications International Inc., a publicly-traded company whose common stock trades on the New York Stock Exchange under the symbol "Q."

In connection with the acquisition, OnFiber is now merging into QCC, with the result that QCC will be the surviving entity (the "**Corporate Reorganization**"). Although all contractual obligations of OnFiber will, by operation of law, thereafter flow to QCC, the Corporate Reorganization will not alter the rights and obligations of the parties under the Agreement.

The Corporate Reorganization is expected to be completed on or around October 31, 2007. Other than the name change from "OnFiber" to "QCC" or "Qwest," we expect the Corporate Reorganization to be transparent to you. You will continue to receive and be billed for service under the same rates, terms and conditions in your Agreement that you have enjoyed up to now; and, should there be any changes to these rates, terms and conditions in the future, you will be notified in accordance with the terms of your Agreement and applicable law. If you cannot locate your Agreement, please contact us at the number below so that we can provide you with a copy.

Qwest understands that you have a choice of service providers and we are dedicated to earning and keeping your business. Because of the nature of the services you receive today, Qwest does not anticipate that this Corporate Reorganization will cause you to incur any carrier change charges; but, if you do, Qwest will pay them. Additionally, you have the right to select another service provider, subject to any termination charges agreed to in your Agreement. Assuming you do not select an alternative provider by October 1, Qwest will become your service provider.

The dedicated data transport services you receive today from OnFiber generally are not subject to preferred carrier freezes. Nevertheless, if you have arranged a preferred carrier freeze on your OnFiber account, it will be lifted to accommodate the transfer of your services to Qwest. You therefore may need to arrange a new preferred carrier freeze once Qwest assumes responsibility for your service.

Qwest is committed to continuing to provide you with the same level of excellence and customer service that you enjoy today from OnFiber. Qwest therefore will assume responsibility for any pending complaints or concerns you have raised in connection with your OnFiber service.

Pursuant to the Agreement, we are hereby providing you with written notice of the Corporate Reorganization and the transfer of OnFiber's rights and obligations under the Agreement to QCC that will occur by virtue of the Corporate Reorganization.

Any questions about the issues discussed in this letter or any other aspect of your OnFiber service should be directed to Tim McGee at 303-383-6561 or by visiting our website at www.qwest.com.

Very truly yours,

Tom Richards
